

To our ASLF family:

In response to the impact of COVID-19 virus, our team will be working remotely until April 7. Any changes to this schedule will be posted.

We will, as always, be available to address any questions you might have during these challenging times. You can reach us by phone (please leave a message) at 312-345-1322 or on line at info@asilverliningfoundation.org. However, should this be of an urgent nature please email drsandy@asilverliningfoundation.org.

During these challenging times we hope and pray for a silver lining.
